

# Unique Union SoulPrints

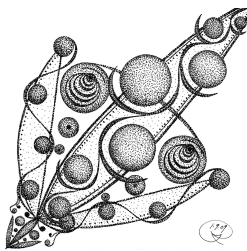

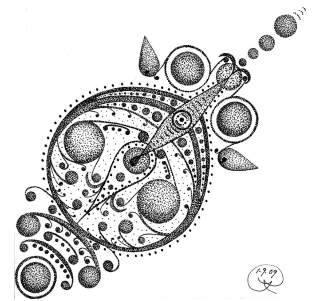

Each of us is a YOUUnique individual who is born on this earth to follow our paths' YOUUnique birthright. When we meet our soulmate, we are still separate BEings on our life's journey, yet uniting in the beauty of universal love. This union of 2 souls creates a 3<sup>rd</sup> ball of energy that is another soul essence. As each grows and shifts within their YOUUniqueness, the 3<sup>rd</sup> ball of energy also evolves. This is the beauty of the energy of 3; the Union; the Harmony.

The first Wedding SoulPrints gift I did was for Claudio and Zolita in Canada. I received a call from a friend in Edmonton who said, "Rhonda, can you do a special gift with those dots you do for a wedding?" I had been doing Intuitive Readings for couples through astrology for years and why not create this energy for SoulPrints and so birthed the Unique Union SoulPrints. "Okay!" I answered, "Send me a photo of them and I will connect with their energies and download their imprints and see what happens."

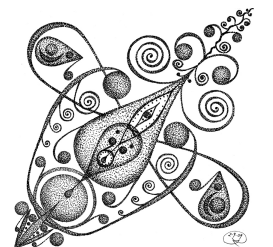

As I looked at their photo, I could intuitively feel and see so much at once as I connected with the energy vibrations of each of them as well as together. I "stepped aside" to receive a vision and it was Claudio's symbol that came through first . . . I began to make dots . . .

. . . the symbol and essence I felt was a sphere with a ring around it. It felt like a planet that had an infinite golden energy wrapped around it. As I continued to make dots and feel the soul essence of Claudio, I could sense how much he was in the mind and the creative potentials that were infinitely his, as someone constantly downloading great ideas. The right is the image that was created for Claudio's YOUUnique SoulPrint.

Zolita's came next and her energy felt expansive with a desire to flow around the obstacles in life. The symbol I received was 3 long points with spheres in between. As I connected more deeply with her energy I could feel a dancing flow that wanted to move and discover. Her soul wanted to sing out her authenticity and let go of all control and the illusion of time by living in the mystery. Zolita's YOUUnique SoulPrint is shown on the left.

As I began to create the union of Claudio and Zolita, I started with both their symbols on the bottom left side of the page (where I start with all symbols in SoulPrints) and invited the essence of this energy to unfold as I stepped aside and let it happen. When I finished and "came to", I looked at it (on right) and intuitively felt the image and saw the many layers of changes they would go through in their growth together and learning to balance between receiving and giving. The middle of the image appeared very fertile and the infinity symbol showed their soul's powerful connection. All I knew was that it felt good.

After completing the 3 images (took about 15 hours to do all 3), I handwrote an Intuitive Reading without any mind control and received the message from a pure source of peace that would mean something to them as I trusted whatever was flying out of my pen. I didn't re-write it or type it as it pure in its state of originality.

This gift was given to Claudio and Zolita by their friend Darlene and is YOUUnique and special. I believe this is the new astrology, as each SoulPrint is the ascended essence of our energies as we transcend into the Age of Aquarius. For me these SoulPrints show us that we are each YOUUnique, as they never repeat themselves again.

Many blessings to Claudio and Zolita in their heart-to-heart union! Much Love, *Rhonda*
